Flex Support
Foam

Cool Comfort Gel

Memory Foam

Pocket Springs

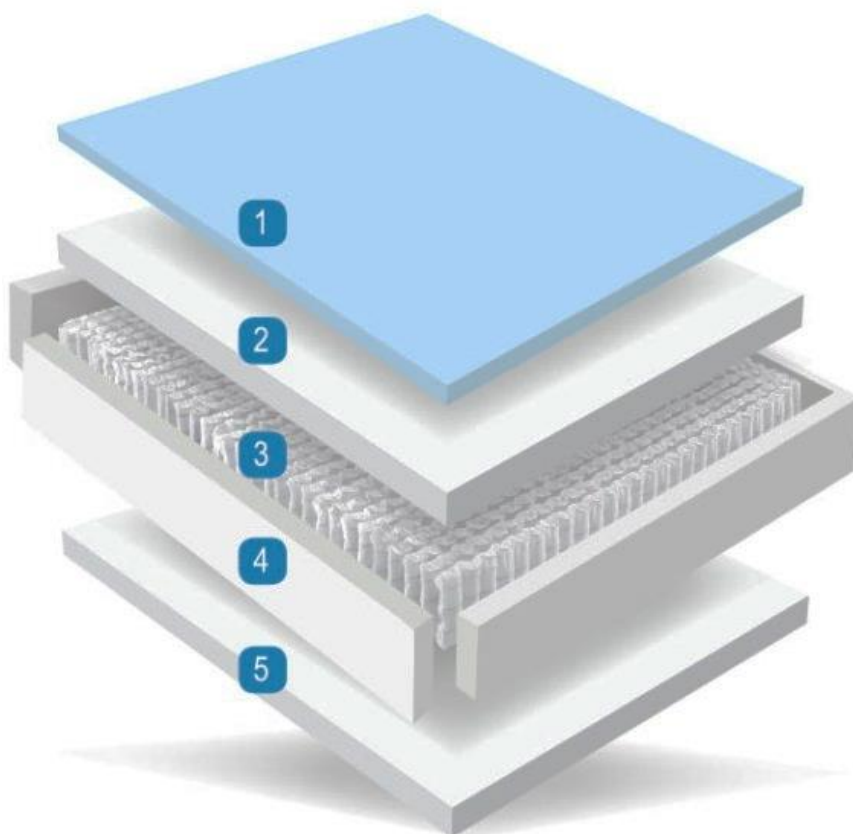

Removable Cover

The Ortho Gel 1000 is one of our specialized Ortho Range. We've designed these mattresses to be firmer, making them ideal for people who suffer from chronic back pain and other back-related problems. 1000 of our firm Memory series springs are singularly layered into the core of this mattress, joined by a support border to provide a more complete night's sleep.

Certifications:

- 1. Mlily Quilted Memory Foam.** Our Mlily Memory Foam is infused with our Cooling Gel and specially quilted to mould to your natural body contours. 2 cm
- 2. Flex Comfort Foam.** We've added a layer of our Flex Comfort Foam to further adapt to your body's sleep needs, creating a more comfortable, supportive feel. 4 cm
- 3. Pocket Springs.** It's one thing to have Memory Foam – it's another to carefully layer in pocket springs. 1000 of our firm *Memory* spring series form the core of this mattress. 16 cm (2.0 mm)
- 4. Memory Support Border.** Our Memory Support Border is built to provide corner to corner support, relieving the natural pressure of your body weight.
- 5. Flex Support Foam.** We've added a base layer of our custom Flex Support Foam to provide you with that extra level of support to help you recover quicker and sleep more completely. 3cm
