

Philips 5000 Series Smart Tower Ceramic Heater

CX5120/11

- Rapid 2 second heating
- Temperature display
- AI-powered for energy saving
- Connected to the Air+ App

Powerful heating, optimal energy efficiency

Saves up to 50% energy vs regular fan heaters (1)

- Immediate comfort with rapid 2 second heating
- Temperature display for easy control
- Eco AI saves up to 50% energy vs regular fan heaters (1)
- Ultimate control with the Philips Air+ App
- 5 advanced safety features for peace of mind
- Customise your experience with 4 versatile modes
- Sleep comfortably, without feeling cold
- Maximise heat coverage in your room with 60° oscillation
- Sleek and compact design
- Easy to carry with a built-in handle
- Thoroughly tested for durability and quality

*(1) This appliance with AI-powered Auto Plus mode can save up to 50% kWh compared to the same appliance with manual control, and up to 25% kWh with temperature control alone. Savings vary based on weather, geographic location, room layout, and usage patterns.

** (2) The device has been updated to more accurately reflect the temperature in the room. However, the displayed temperature on the device may differ slightly from the room temperature — it reflects the temperature around the heater.

*** (3) Sound level at speed 1, based on IEC 60704-2-2

Highlights

Immediate comfort with rapid 2 second heating

Experience powerful, immediate warmth in just 2 seconds with adjustable power up to 2000 W. Ideal for rooms up to 20 m² in size.

Temperature display for easy control

The temperature display on the device offers quick, effortless control, allowing you to easily monitor and adjust the heat settings to your desired comfort level. The upgraded temperature display offers improved accuracy (2). For additional comfort, simply turn off the display light for a peaceful ambience.

Eco AI saves up to 50% energy vs regular fan heaters (1)

The world's first electric heating range that uses AI to save energy whilst heating the room. Our Eco AI Technology adjusts to your room's temperature, analyses usage habits and monitors surroundings to optimise energy consumption. Simply activate the Auto+ mode in the Air+ app to discover more features and enjoy personalised comfort for energy savings up to 50% (1).

Ultimate control with the Philips Air+ App

The Air+ App brings control to the palms of your hands, allowing you to adjust, monitor or schedule your heating, whether at home or on the move. Experience heating tailored perfectly to your needs.

5 advanced safety features for peace of mind

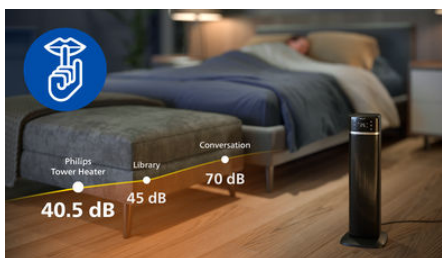

The 5000 series is built with 5 advanced safety features: (1) tip-over protection, (2) 85°C overheat protection, (3) a VDE-certified safety plug, (4) flame-retardant materials, and (5) a safety auto-off after 24 hours of inactivity. Providing warmth that you can trust.

Customise your experience with 4 versatile modes

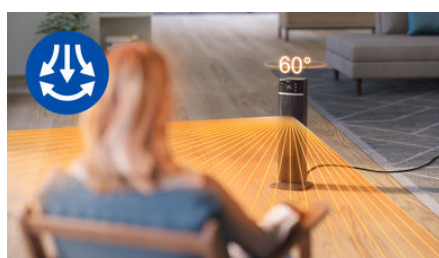

Set your auto target temperature from 1-37°C and customise your warmth with 2 power modes — 1200 W and 2000 W (2). On warmer days, enjoy a gentle breeze with the ventilation mode to add an extra layer of comfort to your environment. For optimal energy efficiency, engage the Auto+ mode, which utilises our energy-saving Eco AI Technology to efficiently heat your room.

Sleep comfortably, without feeling cold

Experience the comfort of warmth with noise levels lower than a quiet library at 40.5 dB (A) (3). Ideal for a restful night's sleep, a focused office environment or a peaceful ambience in your living room.

Maximise heat coverage in your room with 60° oscillation

60° oscillation ensures that warm air is circulated throughout your room. No more cold spots, just a comfortable and cool experience.

Sleek and compact design

The 5000 series combines powerful warmth with a sleek, stylish design that complements any room. With dimensions of 58 cm in height and 21 cm in width, it can fit seamlessly into any corner.

Specifications

Weight and dimensions

Product weight: 2.4 kg
Product dimensions (L*W*H): 21.2 x 19.6 x 58 cm
Weight (Incl. packaging): 3.3 kg
Packaging dimensions (L*W*H): 23.2 x 21.3 x 62 cm
Colour: Dark grey + black

Connectivity

App, connects via Wi-Fi: Air+
Smartphone compatibility: iPhone and Android devices
App: Air+

Performance

Recommended room size: 20 m²
Auto mode: Yes
Fan mode: Yes
Eco mode: Auto Plus (in the app)
Heater power settings: 2 (1200 W, 2000 W)
Maximum power: 2000 W
Temperature control: 1-37°C
Eco AI Technology: Yes (Auto+ mode)
Ventilation mode: Yes
Oscillation: 60°

Usability

Artificial Intelligence (AI): Self-adaptive technology
Sound level: 40.5 dB
Oscillation: Yes (60°)
Adjustable thermostat: 1-37°C
Cord length: 1.7 m
Timer: Yes (1-12 h)
Warranty: 2 years
Recommended room size: 20 m²
Temperature display: Yes (on device)
Scheduler: Yes
Min. sound level: 40.5 dB(A)
Max. sound level: 55 dB(A)

Energy efficiency

Min heater power consumption: 1200 W
Fan power consumption: 8 W
Max heater power consumption: 2000 W
Stand-by power consumption: <2W
Voltage: 220-240 V

Maintenance

Colour(s): Dark grey

Safety features

Overheat protection: Yes
Tip-over protection: Yes
Auto Off: Yes
Flame retardant: Yes
Certified plug: CE, UKCA, IEC
