Technical Data

- The LOWLY pillow is made with a smooth 100% polyester microfiber fabric (83 grams) used for both the inner and outer covers.
- Its filling consists of conjugated siliconized hollow fiber, 100% polyester with a feather-touch feel.
- This is the highest quality silicon-coated hollow fiber—carded and siliconized—providing volume, lightness, softness, a silky touch, elasticity, and great resilience.
- The pillow is made with fibers that feel like feathers. These pillows are characterized by being lightweight, anti-allergenic, sweat-resistant, ergonomic, and hypoallergenic.
- Outer cover is washable and made of a cotton-polyester blend with a zipper.
