TITANIUM TECH

Matelas en mousse à mémoire de forme à
deux faces de couchage, ressorts ensachés
indépendants. Total indépendance de couchage.

Memory foam mattress made of **independent**
pocket springs is the perfect combination for
maximum comfort and total **Independence** when
sleeping. The pocket springs offer great support
and deliver an immediate sense of comfort and
a consistent level of pressure-relieving support
throughout the night.

This mattress is made of **thermo-sensitive graphene**
memory foam on both sides of the mattress and
upholstered with luxury breathable fabric with
anti-mite treatment stretch fabric, latest design soft
padded sides, four horizontal handles embroidered
for easy turning the mattress and best finishings
and materials.

The latest sleep technology for great comfort
during your sleep.

La dernière technologie de sommeil pour un grand
confort pendant votre sommeil.
