WINNER mattress is made with new technology featuring unique and exclusive characteristics.

The top panel is composed of soft Stretch fabric, hypoallergenic fibers, memory foam, and profiled Airdream® Soft, offering a massage effect and breathability.

This pocket spring mattress with a perimeter box and 7 firmness zones is especially comfortable thanks to the visco-graphene, which allows air to flow through, providing excellent breathability.

The bottom panel is made of high-density Airdream®, hypoallergenic fibers, and CoolAir® 3D.

Side border made with 6D fabric.
