

## XENO 1

### **Xeno Manager. A perfect combination between functionality and design.**

Xeno Manager is the executive desk with the right balance between modern design and furniture of representation. A collection with essential and unmistakable shapes. Two versions are available: Xeno Manager with classic wooden panel sides and the one with stylish oblique aluminum legs, also available in Altius. Two ways to interpret the office of the manager today.

### Executive metal base

**Xeno Altius.** In the Altius version, the desk is enhanced by the tempered back-lacquered glass in different finishing.

The design is characterized by the prism structure of the legs and the thin desktop remains aesthetically floating.
